## Period of Discernment

We currently have no one undertaking a Period of Discernment within this Presbytery. Please pray for people to consider the three points below and act where God leads.

### **Look & Discern**

We are still looking for people who might be exploring what God is calling them to do in this phase of their lives. We also need the leaders within our churches to be looking for those that God has equipped with gifts and graces for leadership into the future – have a conversation with them about God's call to be part of being the Kingdom of Heaven in whatever way God has called. I'm always ready to have a conversation with anyone who is interested in more information about a Period of Discernment.

### **Dream & Explore**

Whether someone is exploring a call to a specified ministry, wondering about a lay role within the church or seeking direction in daily work or new retirement, there is an opportunity to learn and grow through a discernment process that has opportunities for giving things a go and learning about faith and our church. A mentoring relationship can help individuals to have somewhere to go to ask the hard questions and explore faith and life.

### **Consider Mentoring**

If you are already in a leadership role you might be interested in becoming mentors. If that's something that interests you, please come and let me know. Trinity College is planning on running training for mentors in the future.
