

SUPERVISION COVENANT

Those who minister in the Uniting Church are in a pastoral relationship with those in their ministry placement, and with any others who come to them for spiritual care or support. They have a particular place in the community, with responsibility to ensure that they embody integrity, trust and compassion in all their relationships. Supervision in ministry is a gift that assists those in specified ministries to serve faithfully and effectively.

Notes:

1. Covenants should be completed yearly.
